

Grade 12 Results – AISSCE – 2022

It is our pleasure to inform you that the students of National Public School, Yelahanka have performed exceedingly well in the recently announced AISSCE 2022 (Grade 12) results. The 2022 batch of students spent the entire two years of their Senior Secondary (Grades 11 and 12) programme learning under unprecedented circumstances. The last two years have been difficult for many of them personally and emotionally. The pressures and challenges they faced were unique. Despite all the challenges they faced, the students have shown exceptional diligence and determination to achieve these results.

The school would like to congratulate all the students on their achievements and wish them greater success as they embark on a new academic journey.
