

MUN Report (DNMUN, MAIS MUN)

The Model United Nations is a platform that encourages political thought and dialogue amongst students worldwide. National Public School encourages students to participate in such events as they broaden the horizons of students and empower them to become effective change agents and future leaders. At the end of most conferences, outstanding delegates in each committee are recognised and given an Award. Thousands of middle schools, high schools and college students across the country and around the world participate in Model United Nations, which involves substantial research, public speaking, debating, writing skills, critical thinking, teamwork and leadership abilities.

The representatives from our school have made us proud by winning several prizes. In the first term, we participated in two MUNs, i.e. the DPS North MUN and The Mallya Aditi MAISMUN.
